

Roundtable Submission Guidelines

To submit a Round Table please use mainly the official **submission platform** https://webapp.triumphgroupinternational.com/cmsweb/ABS_Login.asp?IDcommessa=TRM24002&Lang=EN&NOFLAG=1

Whenever the platform requires it, **select always topic number 00 (Panel/Round Tables)** regardless of the general thematic sections of the Congress (as panels/RTs are processed separately).

The main submitter will be asked to provide a **general abstract, 5 keywords, and a full list of the speakers** (with their academic affiliation and nationality).

The only rule for submitting an RT is that the **speakers must be of at least 3 different nationalities** (ATTENTION: by 'nationality' is meant the original citizenship, not the country of the academic affiliation).

Once the RT has been approved, the listed panelists do not need to submit their individual paper, as the RT is handled by the panel organiser.

It is **not** possible to submit an **individual paper** to participate in an **already approved RT**, nevertheless it is possible to attend the RT.

The platform is designed to receive **only one submission**. If you have already made one submission (paper or Round Table), but you would like submit a RT, you have to fill in the [official form](#) and email it to the indicated email address.
